

Cville TimeBank Repair Café – Fixers Information

Saturday, September 16, 2017, Noon-4pm at The Habitat Store, 1221 Harris Street

BEFORE THE EVENT

Bring a basic assortment of tools and supplies (see checklist for suggestions). We will provide some additional supplies & parts, and you can be reimbursed for supplies.

Please arrive by 11:30am to set up your station. Repairs start at noon. Doors close at 4pm.

You can earn TimeDollars for volunteering! If you're not a member of Cville TimeBank yet, visit cvilletimebank.com to learn more or stop by the TimeBank table at the event.

If you bring items to be fixed, please fill out a claim check before the event begins and give your item to the appropriate repair coordinator. Make a note where to find you in case of questions.

DURING THE EVENT

Visitors are invited to watch and learn while you make repairs. Please be friendly and explain what you're doing. If you feel comfortable, let them try doing some of the work.

Your repair coordinator will handle the waiting list and direct visitors to a repair station. If there's a wait, the time limit per repair is 30 minutes. If the item still needs work, please invite the person to join Cville TimeBank and schedule a service exchange. They can learn more at the TimeBank table.

Try to help visitors understand why their item may need professional work or may not be fixable/worth fixing.

If you're not sure how to fix the item in front of you, maybe one of your fellow fixers has an idea. Ask around! Your coordinator will know who can do soldering.

Go ahead and take a break when you need to! We will have coffee and light snacks for you. If you want to buy lunch from C'ville Coffee or Great Harvest, we can send a runner over to pick up orders.

If you'd rather not be photographed, please let us know ahead of time.

AFTER THE EVENT

If you're not a TimeBank member yet, please join! Visit cvilletimebank.com for info. Members, log in to hOurworld and go to "Hours" to record your hours:

Did you provide or receive? I provided this service

Enter the number of hours: [number of hours]
